

A4 UV DTF Printing Machine**\$1500-1800**

A4 UV DTF Printer – Dual-Function Printer for Direct and Transfer Printing

The A4 UV DTF Printing Machine is a compact yet powerful dual-function printer that supports both UV direct printing and UV DTF transfer printing. Whether you're printing directly onto rigid surfaces like acrylic, metal, or wood—or creating stunning UV transfer designs on A/B film to apply on curved or irregular items—this machine offers unmatched flexibility.

In UV Direct Mode, you can print graphics directly onto flat substrates with vibrant CMYK + White + Varnish support. For more versatile surfaces, switch to UV DTF Mode: print onto A/B transfer film, then peel and stick the artwork onto bottles, candles, leather goods, phone cases, packaging, and much more.

Designed for creators who need both precision and versatility, this A4-sized printer is ideal for small studios, startups, or custom product businesses.

Core Features:

- 2-in-1 Solution: Supports both UV Direct Printing and UV DTF Film Transfer
- Compact A4 Format: Desktop-friendly size, professional-level output
- Rich Ink Configuration: CMYK + White + Varnish for sharp, glossy results
- Wide Application: Print onto glass, plastic, leather, wood, ceramic, and more
- User-Friendly Workflow: Easy switching between modes, simple peel-and-stick transfer

With the A4 UV DTF Printer, you get two powerful printing modes in one smart machine—perfect for bringing your creative ideas to life across a wide range of products.

2. Automatic Tray movement
3. Support printing on cylinder object like bottle, mug, this is the first small a4 uv printer what can print on cylinder.
4. 13 Years experience factory, stable quality and best price
5. Support Varnish ink and White ink
6. CISS ink supply system with White ink Stirring System

Model Number:F85V4/F60V4

Ink Type:LED UV-Ink

Printer Head:EPSON L805 or advanced XP600 head

Ink Color:CMYK+WW or CMYK + White + Varnish

Print Size: 22*33CM

Print Thickness:Flat: 0-15CM / Cylinder:Diameter 2-11CM

Advantage:High Resolution,Precise Positioning,Full Automatic adjustment for print height

Print Technology :LED UV Lamp Cured,Smart Bidirectional Printing,Auto Nozzle checking,Auto Nozzles cleaning system,Smart size of ink droplet

Protection:Full Automatic for the tray height and adjustment,easy protection for the head

Height Adjustment:Full Automatic

Print Speed: About 178 seconds/A4 Size Photo Image(Photo grade)

Print Weight:0-10KG

Ink Assistant:Directly insert ink tube to ink bottle

Tray: Metal Tray with Vacuum Platform

Working Condition:Temperature:15°C-30°C,Humidity 40%-70%

Print Software: Acro RIP Software

Connection:USB2.0/1.1/3.0 Port

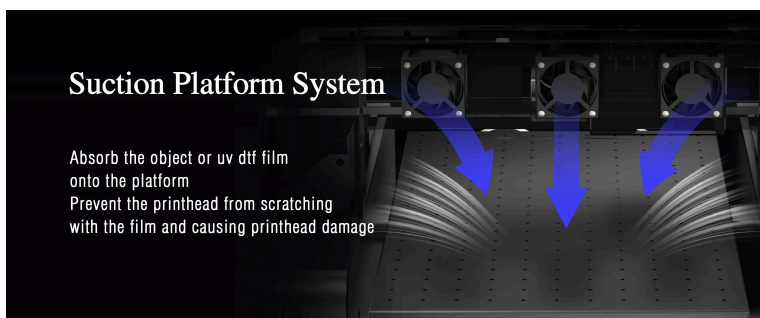

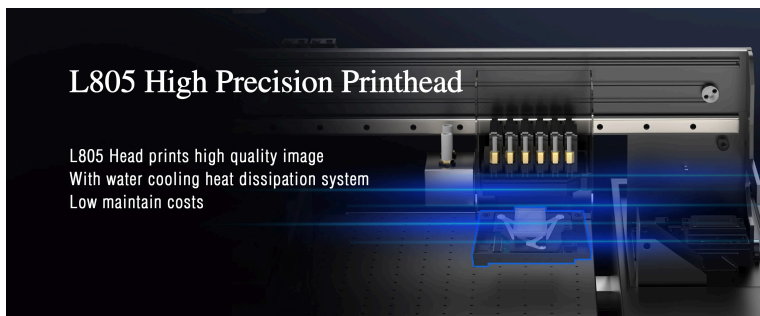

Power Require:110-240V,Around 60W

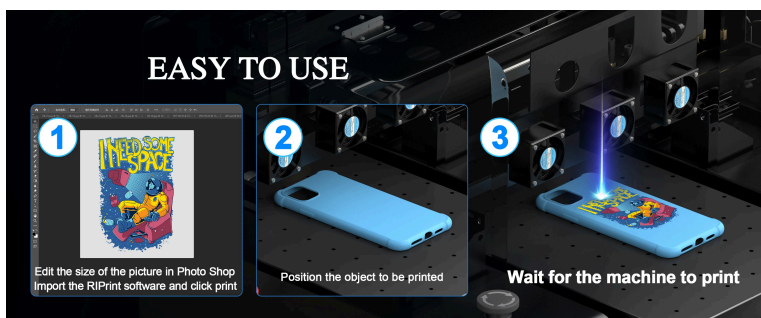

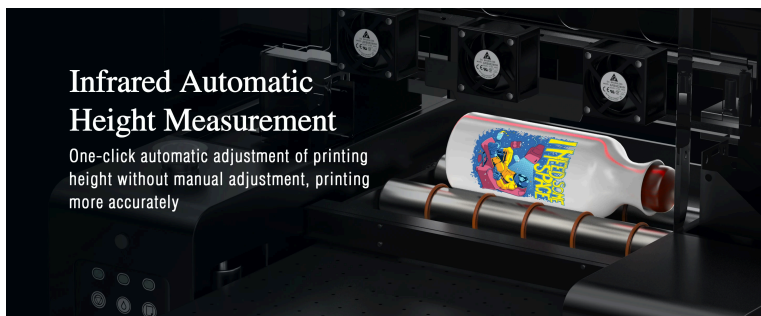

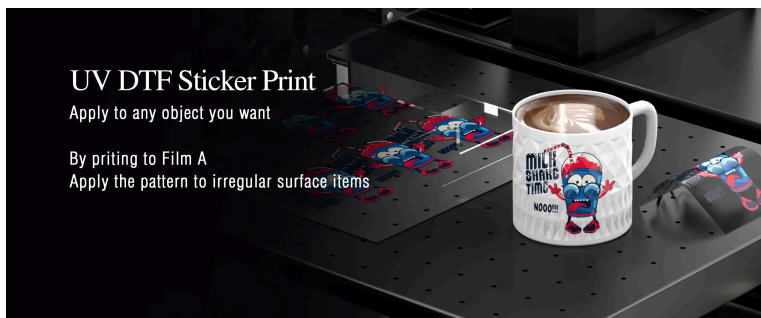

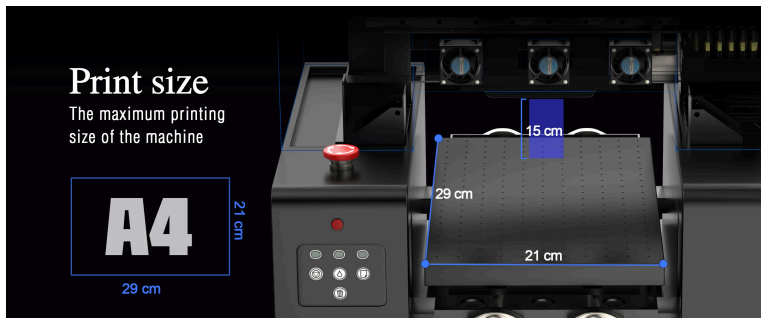

Image Format: TIFF(RGB&CMYK),BMP,PDF,EPS,JPEG,JPG Etc.

Computer Sys:Windows 7-11

Printer Weight:32kg(48KG with package) Printer Size:61*51*51CM

Package Size:68*58*56CM
