

## PrintInd Ultra Portable Handheld Inkjet Printer

**\$189-249**

### PrintInd Mini Handheld Inkjet Printer - Compact. Creative. Industrial.

The PrintInd Mini Portable Handheld Inkjet Printer is engineered for creators, small businesses, and industrial users who need a fast, flexible, and compact marking solution. This pocket-sized printer uses quick-drying, solvent-based ink to print high-quality text, graphics, and codes directly onto a wide variety of surfaces—including metal, glass, plastic, canvas, wood, and more.

Whether you're customizing packaging, marking inventory, or decorating holiday items, PrintInd gives you professional results with the convenience of a handheld device.

### Versatile Printing on Virtually Any Surface

Thanks to its advanced pulley sensor and smooth-glide mechanism, PrintInd easily adapts to flat or curved objects. From mugs and metal tools to labels, hats, or gift packaging, you can print anytime, anywhere—no bulky equipment required.

### Ink That Performs

- Waterproof & smudge-resistant on most non-absorbent materials
- Removable with professional denatured alcohol (non-absorbent surfaces only)
- Safe for everyday use, and ideal for industrial and promotional applications

## Perfect for Holiday Customization & Beyond

Make your gifts stand out this Christmas:

- Create unique holiday cards featuring festive designs and custom messages
- Add text or logos to bottles and packaging for themed events or product branding
- Personalize Christmas hats, gift tags, and decorations with colorful, precise prints

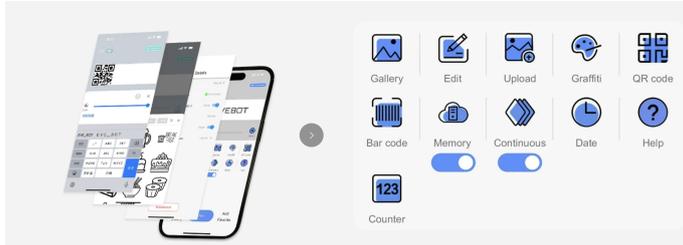

From DIY crafts to small-scale production, PrintInd brings ideas to life.

## Feature-Rich Mobile App

Connect via Bluetooth 4.2 and use the PrintInd App (Android & iOS compatible) to easily design and control your prints:

- Upload logos, QR codes, barcodes, timestamps, counters, and more
- Multi-language text input
- Simple and intuitive interface

---

## Quick & Easy Operation - Just 3 Steps

1. Connect the device via the app
2. Upload or design your print content
3. Slide the printer and watch your design appear instantly

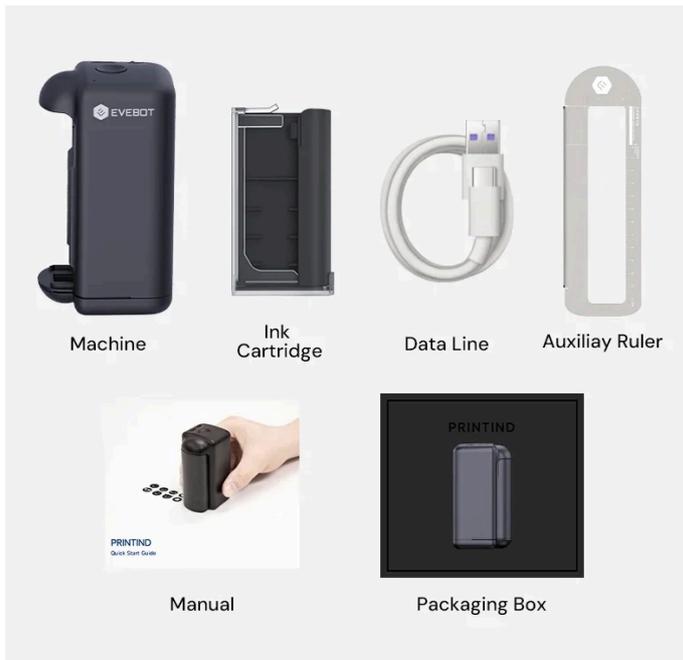

---
