

## A4 Flatbed T-shirt Printer

**\$990-1300**

### A4 DTG Printer - Direct-to-Garment Printing Machine for Custom T-Shirts

The A4 DTG Printer is a high-performance direct-to-garment printing machine, specifically designed for printing high-quality, full-color designs on T-shirts, textiles, and other fabric materials. Featuring advanced Micro Piezo Technology, it delivers vibrant prints with excellent color accuracy and resolution. This printer is perfect for both light and dark-colored garments, enabling you to create bold, bright, and high-contrast prints with ease.

Whether you're printing for a small business, custom T-shirt shop, or creating personalized apparel, the A4 DTG Printer offers simple operation, quick setup, and professional results every time.

---

#### Key Features:

- **Dual-Color Printing:** Print both white and color inks simultaneously for vibrant, high-quality results on dark and light T-shirts.
- **Easy Operation:** Comes with a free USB video manual for easy setup and use.
- **Temperature Control:** Includes a temperature controller to help dry the ink effectively, ensuring better print quality.
- **Advanced Software:** Free V10.3 Software included for precise color

management and enhanced printing capabilities.

- Textile Ink: Designed specifically for fabric printing, providing durable and wash-resistant results.

---
